- For participant painting in **oils**:
- 1.) a tube of **white** (such as Titanium white)
- 2.) a thinning medium: **linseed oil or Winsor Newton's Liquin.**
- 3.) mineral spirits for cleaning brushes.
- For participants painting in **acrylics**:
- 1.) a tube of **white** (such as Titanium white)
- 2.) optional thinning medium: **gloss or matte medium for acrylics.**
- 3. water for cleaning your brushes
- For participants painting in **watercolors**
- 1. Above colors—no white.
- 2. water for cleaning your brushes

NOTES: The main thing is to have at least **2 yellows** (Ex: Cadmium and Lemon), **2 reds** (Ex: cadmium and alizarin), at least **2 blues** (Ex: ultramarine + cerulean or cobalt or phthalo) , and **1 green** (Ex: Sap or other green of your choice).

Add to the above: **burnt sienna**(or burnt umber) and **yellow ochre** (or raw sienna).

This way you will always have an excellent range of colors from which to mix other colors.
